Graphic and Visual Designer with **3+ years of experience** creating **campaigns for international brands** at Havas PR. I design brand identities, communication campaigns, social content and print, and bring them to life with **motion design**. My current work on **digital interfaces for a major international automotive OEM** adds a solid UI and design-system mindset to my visual work.

01
Experience

UX/UI Designer
Feb 2026 – Present

Netcom Engineering · Consultant at Italdesign Giugiaro · Turin

- Design digital interfaces and maintain the **Figma design system for a major international automotive OEM**, ensuring visual consistency across products.
- Produce **motion and visual assets** (After Effects, Adobe CC) for client presentations and concepts.
- Design for open-market clients in robotics, companion apps, IT and pharma, from concept to final visuals.

Junior Graphic Designer
Mar 2025 – Feb 2026

Havas PR · Milan

- Created **full communication campaigns** for UN Women Italy, Tuborg Italia, Terna and Fratelli Branca, from concept to final execution.
- Managed **4–5 projects in parallel** with high autonomy, planning priorities and deadlines across different clients.
- Worked directly with established brands on briefs and feedback, keeping every piece consistent with their **brand identity**.
- Produced **social media content** and institutional materials (posters, save the dates, agendas, printed collateral), with **photo retouching and compositing** in Photoshop.
- Designed **event and large-format materials**: roll-ups, stage graphics and hanging posters.

UI Designer (Internship)
May 2024 – Feb 2025

Italdesign Giugiaro · Moncalieri

- Designed UI and visual content for automotive mobile applications and digital products.

Design Assistant / Consultant
Jan 2022 – Nov 2023

JeToP (Junior Enterprise of Politecnico di Torino) · Turin

- Managed the **internal visual identity** and supported design projects for external clients.
