Giuliana Altieri

Education

2021-24 **POLITECNIC OF TURIN | TURIN**
Bachelor's Degree in Design and Visual Communication

2018-20 **CIVIC ARTE&MESSAGGIO | MILAN**
Diploma in Visual Design

2013-18 **LICEO CLASSICO CAGNAZZI | ALTAMURA**
High School Diploma, Classical Studies

Experience

2025-now **HAVAS PR, GRAPHIC DESIGNER | MILAN**
Development of visual concepts and creative assets for integrated communication projects. The role includes designing visuals for digital and social channels, editorial and print materials, presentations and layouts, as well as contributing to the development and evolution of brand identities, ensuring visual consistency and high design quality across all touchpoints.

2024-25 **ITALDESIGN GIUGIARO, UI DESIGNER | MONCALIERI**
Design of user interfaces and UI assets for the automotive sector, with a focus on mobile applications and product-related digital systems, working within multidisciplinary and innovation-driven environments.

2022-23 **JETOP, DESIGN ASSISTANT/CONSULTANT | TURIN**
Support in the development of the internal visual identity and design of graphic materials for external clients, contributing to coherent and effective visual solutions.

Skills

Attention to detail, critical thinking, creative problem-solving, teamwork, time management, communication skills

giulianaltieri99@gmail.com

I enjoy **challenging myself** and discovering everything I have yet to learn. I am always eager to seize new opportunities to **develop new skills**, **refine those I already have**, and **contribute my abilities and experience** within a creative environment.

I have a strong passion for photography and love capturing fleeting moments of everyday beauty. I am also drawn to art and to everything that stimulates the **imagination**, as it allows multiple elements to come together into a single message, capable of inspiring different interpretations in each person.

/01 UNWomen Italy

Havas PR

Concept and **development** of the **campaign's visual identity**, from defining the graphic language to creating the **storyboard** for the launch video.
The project stands out for an essential and symbolic visual approach, designed to strongly convey a message of awareness and social advocacy.
The campaign is completed by **static Instagram content**, created to maintain visual coherence and communicative impact across individual posts.

Form, rhythm, and a presence in constant motion.

/02 Tuborg Italia

Havas PR

Concept and development of the **key visual** in line with the brand's identity, accompanied by the call to action #suonafresco. The concept was applied across multiple touchpoints: **roll-ups**, **video formats** for stories, a **mirror installation**, a **tattoo vending machine**, and a **360° platform** designed to create an immersive experience aligned with the spirit of the festival.

Beyond what you see, beyond what you know.

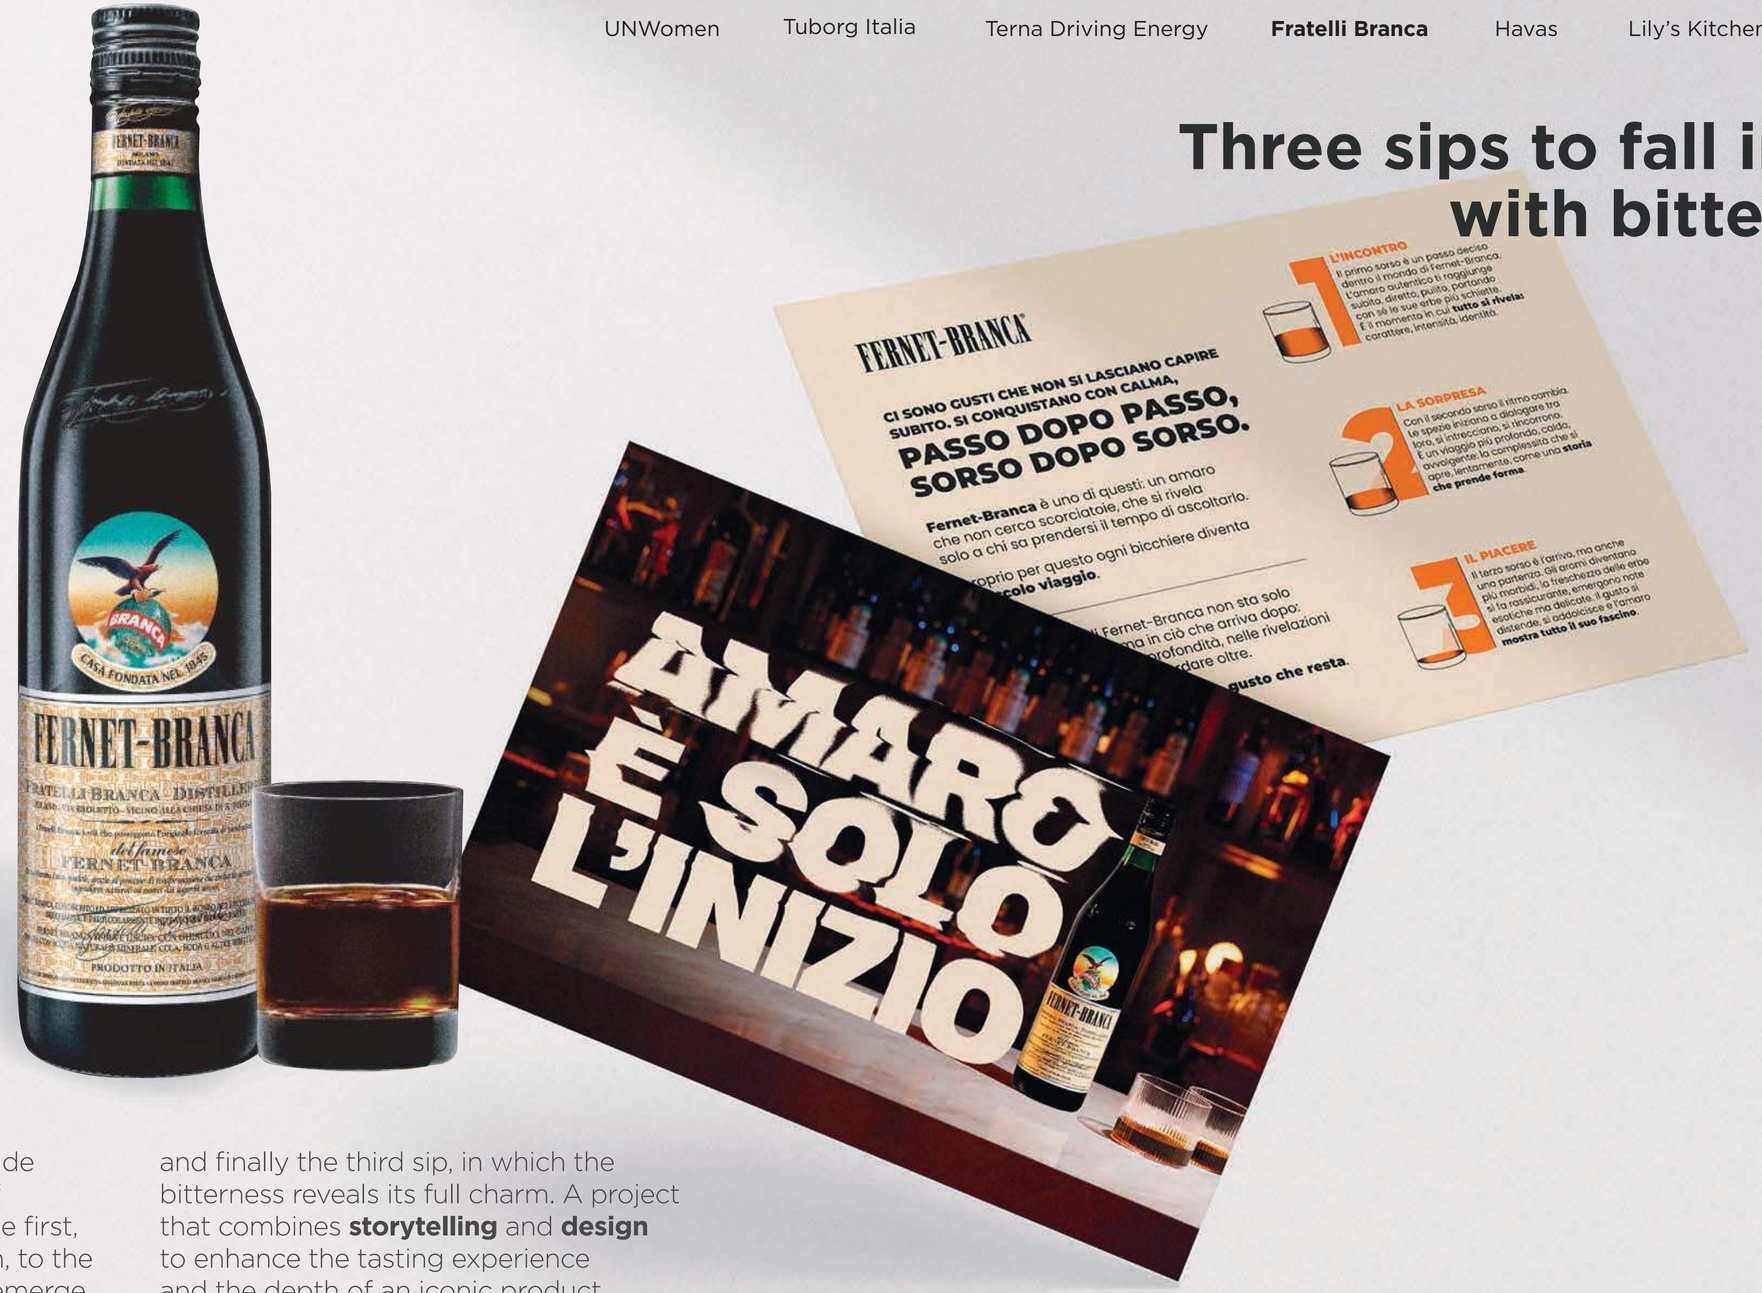

/03 Terna Driving Energy

Havas PR

A **communication proposal** designed to strengthen the relationship with employees. To develop the **three formats** — company storytelling, a multi-stop journey across locations, and an internal competition — a dedicated visual identity was created, featuring three distinct logos connected by shared visual elements.
The system was then applied to **posters**, **social posts**, and **quizzes**, with the goal of enhancing corporate identity, connection to place, and a sense of belonging.

Three sips to fall in love with bitterness.

/04 Fratelli Branca

Havas PR

Creation of a **card designed** to guide the consumer through the ritual of Fernet-Branca's three sips: from the first, more bitter and intense impression, to the second, where its subtle nuances emerge, and finally the third sip, in which the bitterness reveals its full charm. A project that combines **storytelling** and **design** to enhance the tasting experience and the depth of an iconic product.

A fresh first impression.

/05 Havas x IED

Havas PR

Creation of a series of **stickers** and **postcards** with a lighthearted, ironic tone, designed to present the world of Havas during IED's Open Day in a fresh and immediate way. A project that blends **humor** and **minimalism** to engage students, communicate the agency's identity, and bring them closer to its creative universe in an authentic and fun way.

Play, share, enjoy.

/06 Lily's Kitchen

Havas PR

Monthly creation of content dedicated to **unboxing moments**, including the design and development of **illustrated cards** and **special materials**. Notable projects include a **cat-play box**, conceived from the die-cut and fully customized in its graphics, designed to provide a fun and interactive experience alongside the product, and a **recipe book for humans**, created to prepare dishes to share with their pets.

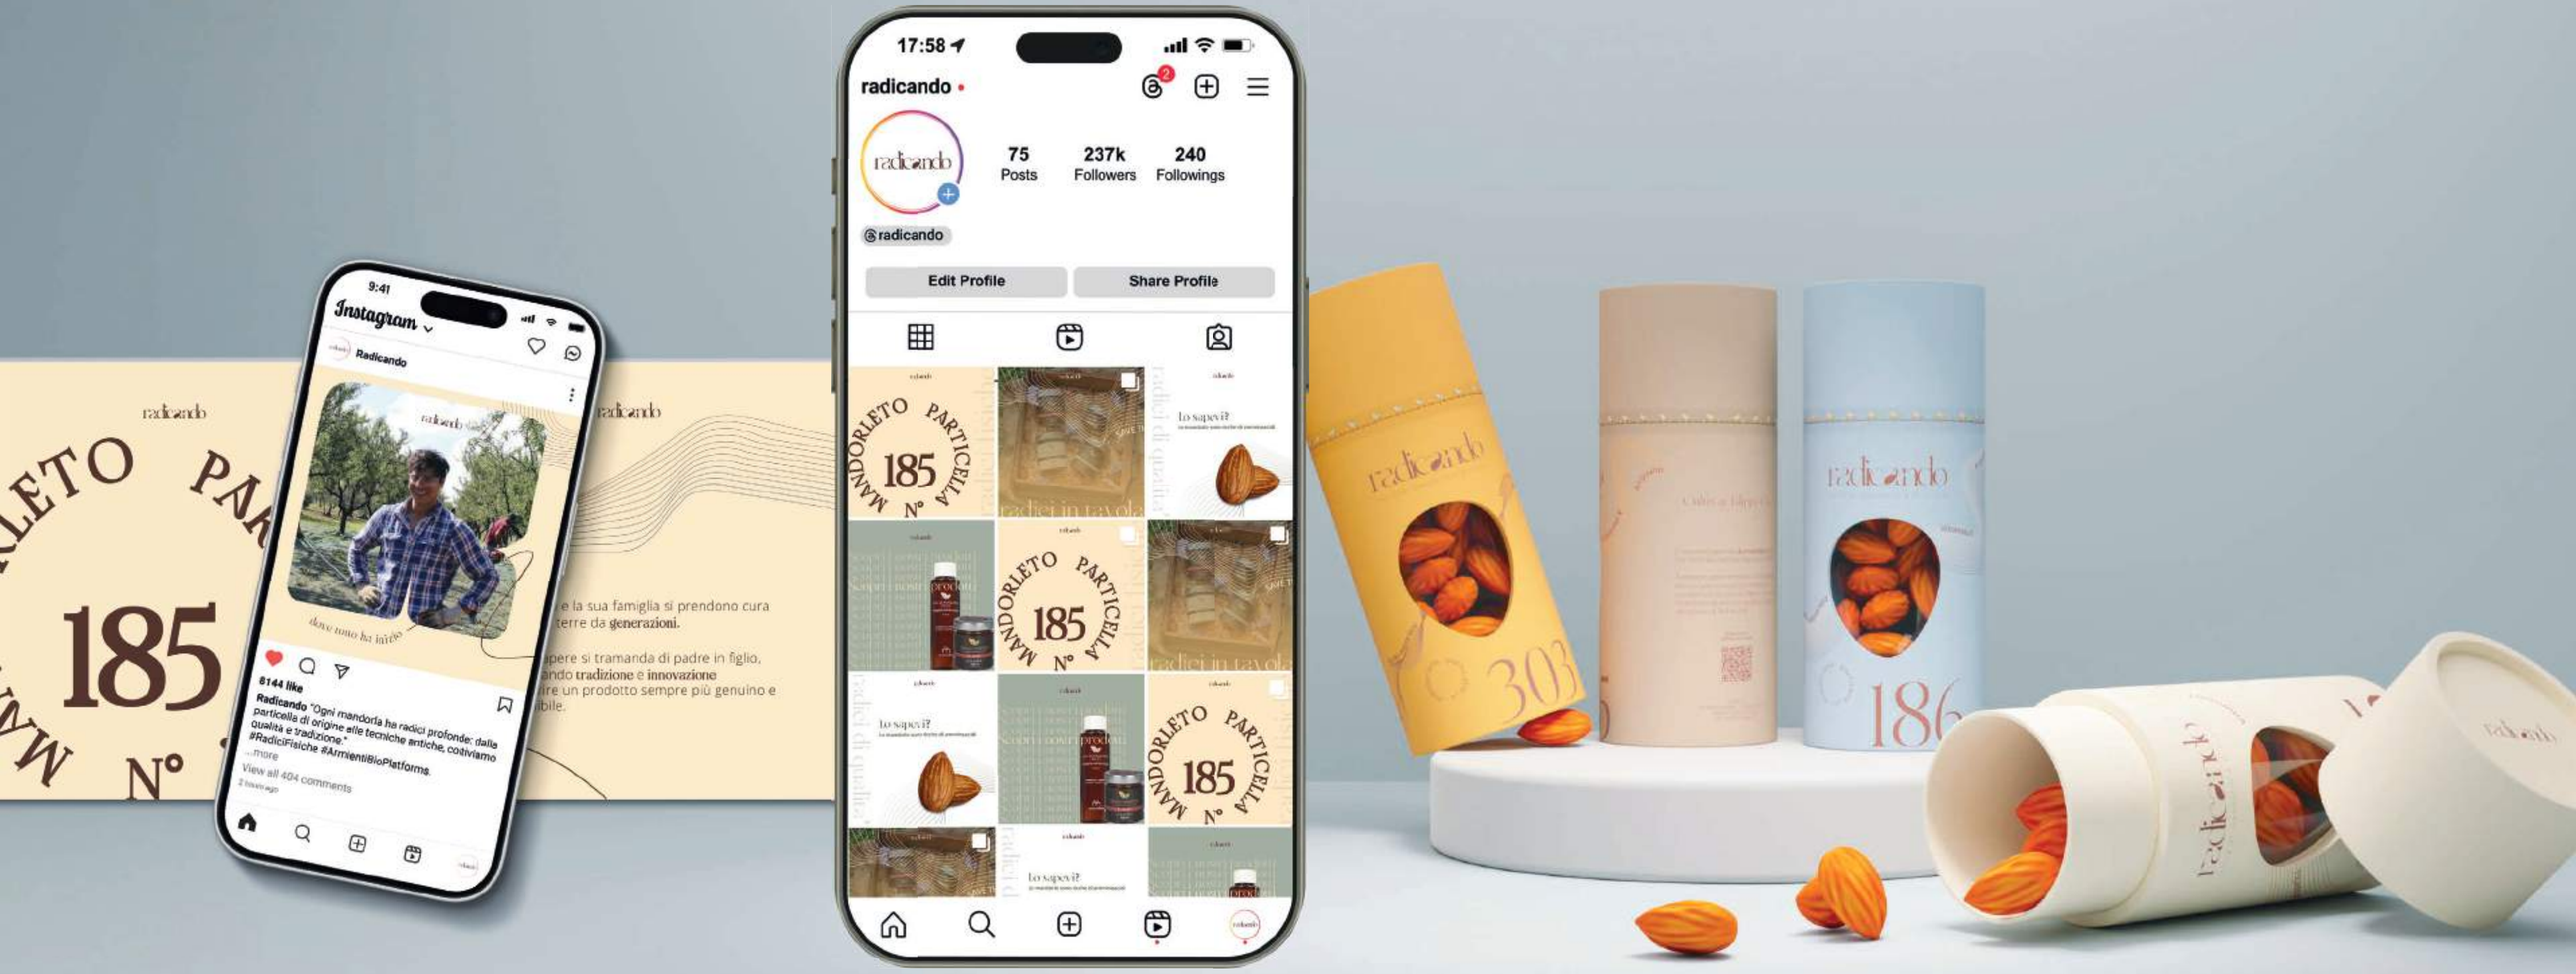

Rooted in tradition, crafted for today.

/07 Radicando

Final Thesis Project

"Radicando" is a project focused on rediscovering the **Toritto almond** as an excellence of Southern Italy, highlighting its nutritional and cultural value and its deep connection to the Murgia territory. The concept is built around **traceability**, **territorial identity**, and a **minimal**, **sustainable aesthetic** designed to convey authenticity, quality, and a rooted vision of wellbeing. The goal is to bring audiences closer to an **authentic** and often **overlooked product**, enhancing its essence and the story behind it.

The project includes the **development of a packaging system** that enhances traceability through a unique code linking each product to its exact almond grove of origin, integrated within a minimal and sustainable design. A **cohesive visual identity** was developed first—defining **colors** and **graphic lines** inspired by fields and agricultural landscapes—and later extended into a series of **social media content formats** designed to establish a dialogue with consumers, tell the product's story, and foster a community built around the brand's values.

/Every project begins with a place.

This is mine.
